A BLOODED VILLIAN.

Adjective "Cold" Precedes the
Epithet Powderly Used.

THE WIND IN THE LILACS.

A Blizzard Tingles the Whiskers of
the Canucks—Railroad Traffic
Out of—People Freezing.

PHILADELPHIA, February 14.—Pow-
derly declares Le Caron a cold-blooded
villain of the worst type and unworthy
of credence. Mr. Powderly exhibits
a letter sent him by Le Caron during
the strike of the engineers on the Mis-
souri Pacific road, three years ago, en-
deavoring to entrap him into a con-
spiracy.

A DYNAMITE SOLUTION.

Le Caron declared that the only solu-
tion of the problem was to use dynam-
ite, and asked Powderly to give him
the names of his trusted lieutenants,
suggesting that while Powderly should
be pretending to counsel peaceful mea-
sures Le Caron would furnish his lieuten-
ants with materials for the destruction
of every bridge and culvert on the line.

TOLD TO LET HIM ALONE.

Powderly warned the strikers to have
nothing to do with Le Caron. Powder-
ly has sent a copy of this letter to
Michael Davitt, with a letter of his own,
in which he declares Le Caron's state-
ments about dynamite influence at the
League conventions in this country to
be untrue.

The Canadian storm.

MONTREAL, February 14.—The bliz-
ard which started in last night and is
still raging, is the worst so far this sea-
son. The snowfall has not been very
heavy, but the wind has been terrific.

The dry snow has been whirled into
great drifts, making travel exceedingly
difficult in cities, while in outlying
districts it is totally out of the ques-
tion.

Railroad travel is thoroughly demor-
alized, and outgoing trains cancelled.
Incoming trains are hidden away in
snow drifts somewhere, some of them
having been reported and others not.
Several people are reported frozen to
death.

AN ATTORNEY'S SLIP.

Attractive Evidence in the Parnell
Commission Proceedings.

LONDON, February 14.—Soames, sol-
icitor for the Times, testified before the
Parnell commission to-day that he vis-
ited Dublin in May, 1888, in quest of
evidence. He interviewed a person who
was introduced to him as a forger, an
employee in the office of the League,
and who produced a slip bearing the
signature "Anna Parnell" and speci-
mens of Patrick Egan's handwriting,
and a bundle of documents.

These documents were brought to
London in 1888 and embedded in an af-
idavit in the O'Donnell suit against
Walter for libel.

Attorney-General Webster, in argu-
ing in favor of the admission of the let-
ter alleged to have been written by
Parnell, let slip the fact that they were
received from a man named Phillips,
said to be an accountant of the League.
The court refused to admit the letter.
Soames, continuing his evidence,
produced five letters, including a letter
a fac simile of which was printed in the
Times.

For Brain Fog

USE HORSFORD'S ACID PHOSPHATE.

Dr. W. H. Fisher, Le Sueur, Minn.,
says: "I find it very serviceable in
nervous debility, sexual weakness,
brain fog, excessive use of tobacco, as
a drink in fevers, and in some urinary
troubles. It is a grand good remedy in
all cases where I have used it."

I think Ely's Cream Balm is the best
remedy for catarrh I ever saw. I never
took anything that relieved me so
quickly, and I have not felt so well for
a long time. I used to be troubled
with severe headaches two or three
times a week, but since using the Balm
have only had one, and that was very
light compared with other former ones.
—J. A. Alcorn, Ag't U. P. R. Co.,
Eaton, Colo.

I find Ely's Cream Balm good for
catarrh of long standing.—M. N. Les-
ley, 1934 West Chestnut Street, Louis-
ville, Ky.

REPUBLICAN BRIBERY.

A Scheme for the Annexation of
Canada.

MONTREAL, February 14.—A special
from London to the Gazette, the Cana-
dian government organ, contains
statements which reached here from
New York, that a syndicate of leading
Republicans in the United States con-
trols \$300,000,000, which it intends to
use in an effort to secure Canada's an-
nexation to the United States by a sys-
tem of wholesale bribery in Canada in
the event of the dissolution of the
Dominion Parliament this year and the
consequent general election.

BISMARCK'S TRICKS.

The Old Man Wants Revenge on the
Samoans.

BALTIMORE, February 14.—The Sun's
Washington correspondent says: "It
looks now very much as if the Samoan
conference at Berlin will not be held by
representatives of the present adminis-
tration. Count Aroo Valley, the Ger-
man minister, called upon Secretary
Bayard, yesterday, and informed him
that the latter's answer to Bismarck's
proposal for conference had been sent

to Berlin by mail. It will reach Berlin
about February 20. The German for-
eign office will probably take several
days to consider Secretary Bayard's
suggestion and the answer, if sent by
mail, will hardly reach this country
before the beginning of the Harrison
regime.

"There seems to be no good reason
why the correspondence should not
have been conducted by telegraph, in
the assumption, that Bismarck's resort
to the mails is simply a trick to gain
time to punish the Samoans before ne-
gotiations can be held at Berlin.

"In well informed quarters here there
is a suspicion that Germany has al-
ready sent reinforcements to Samoa to
revenge the killing of a number of men
in the recent fight with Mataafa, and it
is not at all unlikely that we will ulti-
mately hear of another bloody battle.

"Bayard, however, has made a most
vigorous protest against such a course,
and has hinted it to be scarcely worth
while to hold the conference unless
Germany gives practical evidence of a
sincere desire to promote a restoration
of peace in the islands by foregoing her
desire for vengeance."

KAMAS KINKS.

There are quite a number of cases of
pneumonia in the valley at present.

Slackness is at a discount and the
demons of Kamas are deprived of a
pleasure they usually enjoy at this time
of year.

Another dry year, seems inevitable,
as there is so little snow in the moun-
tains, and old residents predict that
the hay crop of the ensuing year will
be a light one in consequence.

The New Dramatic Association has
given two very creditable performances
lately; the scenery which Pack and
Lambert have procured for their hall,
adding greatly to the effect of the pieces.

A skating rink has lately been added
to the amusements of this place, which
is patronized chiefly by the young men.
Their feats of agility are something as-
tonishing to onlookers, and one young
gentleman was heard to remark that
he had no idea of the number of stunts
one could behold in a single instant un-
til he donned the rollers.

On TUESDAY last our town was en-
livened by the Heber brass band, dis-
cussing sweet music on the principal
streets. In the evening, the "boys"
gave a ball at which ninety-two couples
tripped the "light fantastic" until a
late hour. Everybody had a good time
and sincerely hope that Heber will
soon favor us again.

FROST BITTEN.

KAMAS, February 10, 1889.

MANTI MATTERS.

ELECTION matters have taken up a
large share of attention last week and
this.

Frost night and morning, but sloppy
through the day. A change seems im-
pending.

The election of candidates for city
officers took place yesterday. The poll
was declared at midnight. The Peo-
ple's Party candidates were returned by
majorities of from twenty to forty.

A dance was given under the auspices
of the North Ward Sunday School last
Friday evening, and the proceeds pre-
sented to Mr. E. T. Parry, Super-
intendent Woodcock, in a few feeling
remarks, made the presentation. After-
wards all the company sat down to
supper, the same being done ample
justice to by all present. Mr. E. T.
Parry has been called on a foreign
mission.

The quarterly conference of Sanpete
Stake has been adjourned from Eph-
raim to Manti, on account of the preva-
lence of diphtheria in the former place.
The conference is held on Sunday and
Monday, 1st. There is a talk of quasi-
antiquating Ephraim at conference time.

Conference of Sanpete Stake is indefi-
nitely postponed.

MANTI, February 12, 1889.

Protection at Panama.

WASHINGTON, February 8.—The
House committee on foreign affairs to-
day instructed Chairman McCreary to
report favorably the Sena's bill ap-
propriating \$250,000 for the protection
of American interest and citizens at
the isthmus of Panama. In view of
the fact that work on the Panama
Canal ceases to-morrow, the committee
resolved to make an effort to secure im-
mediate action by the House.
